with Dr. Miguel Gomez and Albita Gomez**

Dr. Yeongchi Wu

USISPO will present its USISPO Lifetime Achievement award to Dr. Yeongchi Wu at the Caribbean Rim Conference in San Juan, Puerto Rico. Dr. Wu has made countless contributions to rehabilitation medicine and assistive devices during his distinguished career of two decades at the Rehabilitation Institute of Chicago and another two decades at the Center for International Rehabilitation. He has influenced individual members of all disciplines in rehabilitation.

"Art, Science and Technology" is the title of his session and he will also conduct a workshop on Dilatancy Socket Casting Technique. Work by Dr. Wu will be included in the special art auction. (Watch for more details.)

Workshops will include:

Hip Disarticulation - Benny Barcia, CPO, FAAOP, PT

Mastectomy - Rhonda Turner, JD, BOCPO, CFm

Dilatancy Socket Casting Technique – Dr. Yeongchi Wu

Management of the Diabetic Foot – Dennis Janisse, CPed

Sponsored Workshops:

Willowwood

GOSS

Endolite

Martin

Ottobock
