

SKILLS for Life 5

Bilateral Upper Limb Loss Workshop

October 18-21, 2018

The Westin Oaks Houston at the Galleria; Houston, Texas

This unique workshop includes a program that will feature a series of talks devoted specifically to issues faced by individuals missing both arms (or both arms and one or both legs). Presenters will include individuals living with bilateral upper limb loss, therapists, prosthetists, physicians and others.

Comments from SFL 4-

Thank you so very much for planning such an amazing conference. I have had the opportunity to attend tons of conferences but this has been ---by far---the best.

This was one of the most informative professional/peer education events I've attended in almost 48 years.

Having been a triple amputee for 36 years I didn't know if I could learn much. I was wrong. It was very informative. The new technology has sparked me into looking into things that may improve my daily living skills. This is the first SFL conference I have attended and it was more than I expected.

This experience was so inspirational and thought-provoking. We are leaving here today with bigger goals to be more independent.
